The News.

On Saturday the House of Representatives was engaged upon the question of admitting the new members from Minnesota to seats in the House. The Committee on Elections made three separate reports upon the matter. The majority report took the ground that Messrs. CAVANAUGH and PERKINS were entitled to be admitted as members, leaving their seats, however, open to be contested. A resolution to this effect was adopted and the two members sworn.

The foreign committee have resolved to request the President to enquire into the facts concerning the seizure of the bark *Adriatic* by the French Government. R. R. NELSON has been confirmed as U. S. District Judge of Minnesota, and Mr. GORE as Marshal; also the reappointment of FLETCHER WEBSTER as Surveyor of Boston.

Several fires occurred at Buffalo on Saturday, which were all attributed to incendiaries.

The remains of Gen. SMITH are to be taken to Philadelphia.

The New York market on Saturday, was without important change. Our own markets was more active, and prices of wheat a trifle better.

The weather, Saturday, was a continuation of that which we have had all the week, clear, pleasant, and cool.

One weekly review of commercial and financial matters will be found in another column.

Shipments for the Season.

Our Commercial Review, for the week ending on Saturday last, shows that up to noon on that day, the shipments of flour and wheat, from Milwaukee, for the present season, were as follows:

Flour, bbls.	111,229
Wheat, bushels,	906,970

To the same date last year, the shipments were:

Flour, bbls,	87,322
Wheat, bus,	771,660

Reducing the flour to wheat, the aggregate shipments thus far this year, are 1,407,500 bushels, against 1,110,988 bushels to the same date last year—an excess, in favor of this year, of nearly 300,000 bushels.

CENTRAL AND NORTH-WESTERN WISCONSIN.—The Stevens Point *Pinery* of the 21st inst., thus calls the attention of our merchants and business men to the attractions and advantages of that section of the State, and the importance of the early completion of the Milwaukee and Horicon Railroad to Stevens Point.

A. A. Martin, Esq., U. S. Dep. Surveyor, has just come in from the completion of a job of subdividing, on the head waters of the Black and Chippewa Rivers, in towns 21, 22, 23 and 24 of ranges 1 and 2 west of the Meridian. This district includes the sources of the Black River, but the Chippewa lies still farther to the North east, and is a large stream all through Mr. Martin's District. His reports most excellent, first rate land in the N. W. part of his survey, with splendid pine along the streams. The loggers have already penetrated that region.

This survey is exactly on the contemplated line of the Milwaukee & Horicon Railroad. By the way, we wish to call the attention of Milwaukee more particularly to the immense tract of country to be affected by this road, when completed, the treasures of which are by it to be poured into that city. The merchants and property holders there are not half awake to the importance of this road to their little village!

Correspondence of the Chicago Daily Press.

Paulsen in Davenport.

DAVENPORT, Iowa, May 20, 1858.

Louis Paulsen's Chess Tournament, under the management of the Davenport Chess Club, began on Wednesday evening, May 19th, at the Metropolitan Hall. The room was crowded, and we were gratified to observe a large number of ladies. At 7½ o'clock, Mr. James A. Buchanan, the President of the Club, introduced Mr. Paulsen, in the midst of the earnest cheering and applause of all present, and announced the following plan as the one which the Executive Committee had determined to adopt for the regulation of the Tournament viz:

The President of the Chess Club is to preside over the Tournament.

The players to draw lots for their tables, and each player to be allowed five minutes after his turn to play; if he does not move then, he loses the game. This would allow fifteen minutes for every move.

No consultation allowed among the players, nor any interference on the part of the bystanders.

No player to move until he is requested to do so by the callers.

Mr. Paulsen plays white, and has the first move in each game.

The above rules were strictly enforced. The audience manifested the greatest interest in the Tournament. Mr. Paulsen had raised the expectation of this public to a high, but the ease and brilliancy with which he played, went beyond all that had been anticipated. Nine moves were made in each of the two games, when the players adjourned until Thursday evening. Of course we cannot now speak positively of the result of the match, but will hazard the prediction that it will add one more triumph to the list of Mr. Paulsen's brilliant victories. The man who can play ten games of chess at the same time, without seeing the board, possesses a power of memory and combination which almost exceeds belief.

Mr. PAULSEN, we understand, comes to Milwaukee, after fulfilling his engagement at Davenport. We hope to see him welcomed here by a numerous turn-out of our chess players; several of whom are quite anxious to test his skill.

A LITTLE LATER FROM UTAH.—Mr. Abel Gilbert, of Weston, Mo., arrived at Fort Leavenworth, on Sunday last, accompanied by Col. T. L. Kane, whose visit to Great Salt Lake City, by way of the Pacific, his interview with Gov. Brigham Young, and his subsequent appearance at Camp Scott has already been chronicled. Col. Kane has not yet reported himself here, but the officers of the Dickey state that they represent that the Mormons were dispersing from Salt Lake City and going into the country.

Brigham Young had abdicated the Gubernatorial Chair.

Gov. Cumming, was met, when thirty miles from Great Salt Lake City by a deputation of Mormons and others, who escorted him to the city, where preparations were being made to give him a grand reception as Governor of the Territory.

Mr. Gilbert comes direct from Great Salt Lake City.

Gov. Denver was at Leavenworth City, and reported things at Fort Scott as in a more quite state.

MAIL TO LAKE SUPERIOR.—The contract for carrying the mail between Green Bay and Marquette, Lake Supesior, has been awarded to Mr. D. M. Whitney, of this city, for four years, commencing the 1st of July next. The mail is to be carried twice a week for five months to Marquette, commencing the first of Dec., and twice a week for seven months to Flat Rock, on Bay de Noquet, Mich. This is an increase of one half over the present service, and we think it will be a great convenience to our Lake Superior friends, as well as to the people living on the whole line of the route. Mr. Whitney is now making arrangements to "put the mail through" in good time.—*Green Bay Advocate, May 20.*

☞ REMOVAL OF THE CAPITAL.—The bill for the removal of the Capital to Milwaukee was passed in the Assembly last Friday by a vote of 39 to 32. It was a matter of doubt whether it could pass the Senate. We believe the Capital should be removed from Madison; and that Oshkosh is the proper place for its location. Next to Oshkosh, however, there is no more eligible point for it than Milwaukee.—*Oshkosh Courier.*

ARRIVAL OF THE U. S. STEAMER MICHIGAN.—The Government Steamer *Michigan* arrived at this port on Saturday afternoon, and remained here until this morning. She came from Chicago, and on her way down to the lower lakes. The *Michigan* moored in the river below Walker's Point bridge, and during Saturday afternoon and yesterday, she was visited by a large number of our citizens. Her officers were obliging and courteous to all who came on board, and answered the numerous interrogations of the curious, with the utmost politeness and good humor. The following is a list of her officers:

Commander—Joseph Lanman.
Lieutenants—James H. Spotts, R. B. Lowry, James E. Jouett, James W. Shirk.
Purser—James Huntmouth.
Surgeon—James F. Harrison.
Engineers—G. S. Rutherford, M. P. Jordan, Thomas Crouin, F. T. Lovering, George I. Barry.
Carpenter—James M'Donnell,
Captain's Clerk—Fred. Ball.
Purser's Clerk—John J. Odell.
Pilots—William Hinton, Alexander H. Barnard.

Her full complement of officers and crew comprises sixty-eight men.

The *Michigan* entered our harbor through the old channel.

FIRE.—An alarm of fire for the Third District, was sounded between four and five o'clock, A. M., Saturday. It proceeded from a large, unoccupied frame building, on Detroit street, between Milwaukee and Jefferson streets, owned by G. M. FITZGERALD, Esq. The fire had been deliberately set on the outside of the building, and was making rapid headway, when discovered. The Fire Department turned out promptly, and Engine Co's., Nos. 1 and 6, which were first on the ground, found water enough in a mud hole, at the corner of Detroit and Milwaukee Streets, to extinguish the flames. Damage about $200; insurance $1,000.

THE COMPLIMENTS OF THE PRESS.—The two following "favorable allusions," to the *News* and *Wisconsin*, are from highly respectable "democratic" authorities:

THE "FAMILY NEWSPAPER."—The Milwaukee *Wisconsin* is arriving so near that line which separates decent from indecent newspapers, that it will soon be difficult to tell on which side it is. Its main delight now seems to be in copying all sorts of paragraphs which go to un-womanize woman, and make her appear in the most questionable light—and in discussing modes of wearing articles of under dress, &c., &c. Out of its numbers which lies before us we has an article upon the old Dutch custom of "bundling," which is anything but fit to go into a family where there are daughters who hope to be modest.—*Green Bay Advocate.*

POT AND KETTLE.—The last Daily Milwaukee *News* publishes an article from the Cincinnati *Commercial*, cutting up those papers of easy virtue, that publish advertisements from the N. Y. *Ledger*, as selections of reading matter; alluding to "the perils of the border." In the same number the *News* publishes a "trip through the country" as original. The thing is bogus—the writer has made no such trip, by any mode of travel, whatever. He slanders Stevens Point, and states a falsehood about the *Pinery*. Shut up.—*Stevens Point Pinery.*

EYES RIGHT—MILITARY BALL.—We understand the "Governor's Guard" intend giving a party at Atwood Hall, on Monday evening, July 5th. This company is composed of our most influential citizens, which ensures the success of the affair. Persons competent to judge pronounce the company a little ahead of anything in the Western States.—*Madison Argus.*

The "Governor's Guard," though not yet entitled to the precedence the *Argus* claims for it, will soon take rank with the best of Volunteer Companies in the West. During a recent visit to Madison, we had an opportunity of seeing something of their drill, and of inspecting their Armory, Equipments &c., and were agreeably surprised at their promise and proficiency.

"BUCK BEER" AT THE MENOMONEE.—Mr. MELMS, a famous Brewer, whose Beer is proverbial for its purity, excellence, introduces the regular "Leger" season to-day with "Buck Beer" at the Menomonee Saloon, on East Water street. Mr. MELMS tells us that this year's brewing is equal to any he has yet made; of which kind, those who are fond of "Buck" and "Lager," will do well to profit.

MILITARY.—The Union Guards turned out Saturday afternoon, under their new commander, Capt. GARRET BARRY. They had their colors with them, were preceded by a fine band of music, and made a very handsome show. Our Military Companies are all improving rapidly, and we shall soon be able to "invite comparisons," with any city in the North-West.

LA CROSSE AND MILWAUKEE R. R. ELECTION.—Stockholders in the LaCrosse and Milwaukee Railroad will bear in mind that the annual election of Directors is to take place on Wednesday next, May 26th, at the Company's office in this city, and that they will be carried free on the road from the 25th to the 27th, exclusive.

POLICE COURT SATURDAY.—Geo. H. Lines, and John Sullivan, were fined $1 each for being intoxicated.

John Meyers, drunk and noisy, fined $5 and costs.

RENTS, BUSINESS, &c.—J. S. Fillmore has a neat small house on Van Buren Street, near Wisconsin; rent $250. Also a good covered buggy for sale.

A COMPLIMENT FROM A "LIVE" COLONEL.—The Green Bay *Advocate*, edited by Col. C. D. ROBINSON, Paymaster of the Forces, thus speaks of one of the celebrities of Milwaukee:

ORIS FIELD & Co's Billiard Room, in Milwaukee, is one of the completest institutions of the kind we ever saw, and the very perfection of neatness. There are eleven fine tables, in a large, well lighted hall, exquisitely finished.—Below, the saloon and eating department is perfection itself, even to the cellars, the water and heating apparatus, and all the appointments necessary to make it perfect. We mention these things because it gives us pleasure to find a place of this kind managed so respectably.—Billiard playing, especially in cities, has become almost a necessity with those who are much confined, and is certainly a healthy as well as genteel recreation.

Major DICKINSON, to whom, as a military gentleman, we touch our hat, and Mr. ORIS FIELD himself, are the capable directors of the establishment.

MARINE INSURANCE.—The card of the Home Insurance Co., of New York City, will be found in our advertising columns this morning. We invite to it the attention of merchants, vessel owners, and shippers. The company is a staunch, reliable, and widely known one, and it is scarcely necessary for us to multiply words in its praise. Mr. WM. HENRY HOLLAND, who represents the company here, is prepared to issue policies, and all losses will be adjusted, and promptly paid by him. Mr. HOLLAND'S office is in the basement of the Newhall House.

IMPORTANT TO AGRICULTURISTS.—In this mornings paper Messrs. H. J. NAZRO & Co. give notice of a large variety of harvesting and haying implements, which they will sell cheap. Also a number of other useful articles, too numerous to mention here. See their card.

☞ The Spectacle wearing community will please take notice that C. SOLOMON & Co., the celebrated opticians, will stay in this city only a few days longer, and therefore persons wishing to secure a pair of their unsurpassed spectacles will please call early at their office, 210 E. Water street, Juneau block, (up stairs.)

THE REMOVAL OF THE CAPITAL.—The *Badger State*, published at Portage City, in reviewing the acts of the last Legislature, says:

The Legislature failed to remove the Capitol from Madison, although the removal was and still is demanded by a great majority of the people, who only await an opportunity to make their will known. The bill for a temporary removal to Milwaukee was lost in the Assembly *by a tie vote.* The question of the removal *now goes before the people*, as the Legislature wisely and properly made no provision for continuing work on the enlargement of the present Capitol building. So the people of Madison can go on with that beautiful little job at their own expense, if they think proper. We entertain the belief that the next Legislature will locate the Capital at Fort Winnebago or Milwaukee, and that Madison will not be able to rally one-fourth of the members to her support as the future seat of Government. The matter should be kept before the people through the Fall election, and every candidate for a seat in the Legislature from Northern and Central Wisconsin should be openly committed in favor of a removal of the Capital, to some locality more convenient and respectable than Madison.

REMOVAL OF THE CAPITAL.—The bill for the temporary removal of the capital from Madison to Milwaukee, while the repairs were in progress, failed in the Assembly by a tie vote, on Saturday last.

We cannot see the propriety of a *temporary* removal of the capital. Had the proposition been for a *permanent* removal to Milwaukee we should have favored it. Milwaukee is the most central point—practicably—in the State, and be sides has ample conveniences for the accommodations of members and visitors. We are glad the bill has failed. Now let the people strike for permanent removal to Milwaukee, and it can be effected at the next session.—*Berlin Courant.*

A SPUNKY POSTMASTER.—The Postmaster at Plainview, Macoupin county, in Illinois, hearing that Postmaster Cook was engaged in the business of bringing over the Postmasters of that State to Lecompton, or of removing them if they were rebellious, invites him to try his hand on the Plainview Postmaster. We find the letter in the Alton *Democrat*:

PLAINVIEW, ILL., May 10, '58.

MR. J. COOK, Postmaster, Chicago, Ill.: *Dear Sir*—I am informed from different sources—and upon the whole, they are quite reliable—that you possess the power, both and will, by which you are enabled to *transmagraphy* all Douglas democratic Postmasters and bring them out on Lecompton's side; and in case you find them a little stubborn, that you take their *noses off back of their ears*, Now, sir, suppose you try your hand upon me. I am P. M. at Plainview, and am a firm Douglas Democrat; and if *this* disqualifies me, "there goes." But I do not know of any other kind about here, and if you will come down here, I will introduce you to them all; and if there is one amongst us that can be changed by a *Cook*, or any one else, I am anxious to find it out. But I think you will not find one, from the fact that the Democrats in this locality have been regarded as strictly honest. Perhaps you may think it best to import one; well, if that is your game, send him on—if he can stand it, we can.

Your inferior in office, but superior in politics,
D. GORE, P. M., Plainview, Ill.

COMMERCIAL & FINANCIAL.

WEEKLY SUMMARY.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, May 24, 1858.

During the past week there has been more buoyancy in general business, than any week, thus far, this Spring; and the produce market, which for some time back has been rather depressed, is on the mend. Our business men look more hopeful, and farmers have become more reconciled to the low prices which their products bring, and they appear to have come to the determination to turn what they have to cash, at the earliest opportunity. This, undoubtedly, is the best policy. It will enable them to pay up their debts, or a considerable portion of them at least, and thus enabling the merchant to purchase his usual supplies without inconvenience, will aid materially our general commercial prosperity.

A matter of vast importance to the commercial interests of our City and State, is the commencement of the steam ferry across Lake Michigan, to connect the Detroit and Milwaukee, and Canadian railways, with the system of railways radiating from this City, which, it is expected, will be inaugurated, though on a small scale, in the course of a day or two.

The fears that the late cold wet weather had injured the growing wheat crops in this State, we think, upon the whole, are groundless. The *Fond du Lac Union*, of Thursday, thus speaks of the present condition of the crop in Fond du Lac County:

"We have heard it distinctly contradicted that the wheat in this county is rotting, or that it presents any appearance of it. On the contrary, one of the most extensive wheat growers that we have in the county, said that his prospects for a good and abundant supply were most encouraging."

The farmers and wheat buyers throughout northern Illinois and Iowa, should bear in mind the superior advantages which Milwaukee possesses over other markets of the west, particularly Chicago. The reputation of Milwaukee wheat has spread far and wide, and it is now a well-known fact that no grain meets a readier sale in the Eastern marks, than that which hails from the City. The knowing ones have this in mind and profit by it too. An evidence of this are the daily eastern market reports, which show that while dealers are very tenacious about buying Chicago wheat, Milwaukee wheat meets ready sale at an advance of *eight to ten cents.* These remarks were suggested by a lengthy article upon the subject in the *Press*, of Saturday, from which we copy the following:

"The Chicago wheat dealers met, last week, with a section "nicé'ent,"—that is the word with which the Board of Trade of that city describes the mishap,—which was no more nor less than the sending back from New York, by the Inspectors of grain, to Chicago, of two or three boat-loads of Chicago spring wheat. It would seem that the on feet people of the Empire city have exhausted their good natures, and have, at last, actually done with our smart neighbor at the head of Lake Michigan the thing they so long have threatened to do. There is no mistake about this either; we find our information in the Chicago papers. The Inspectors in New York have, as we happen to know, been frequently before on the point of rejecting Chicago wheat, it goes into that market in a condition so wretched. Whether this bad state of things has resulted from carelessness in Chicago, or from some other cause, we do not know; but the *fact* is one of long standing. And we fancy it is not a matter of much consequence to the Farmers, who really have to bear the loss, from the diminished value of their wheat sent through Chicago agents, what the fault is or where it lies. It is serious enough to know that it *out* there is and that should turn, as it doubtless will, the attention of the producers in Illinois, and one rail and southern Iowa to Milwaukee as affording a sound and sure market.

We notice a remarkable statement in the Chicago "Press" of the 20th instant, which is full of interest and directly in point. The boat loads of rejected wheat have, by means of samples, been examined by the Board of Trade at Chicago, who assert that the wheat is in a condition not inferior to that in which the same kind usually reaches New York from Chicago. And that, we understand, is precisely what the New York dealers say and of what they so bitterly complain. But the "Press" adds that the rejected wheat is as good as the Milwaukee wheat. Now, that can hardly be; for, the Milwaukee dealers have been every day forwarding wheat to New York, *and none has been sent back.* If the wheat from this market is no better than that from Chicago, this latter city would not alone be disgraced in the manner now pointed out.

One fact more. The Chicago "Press" is puzzled by a few figures it has stumbled upon. Hear is discourse—"The 'Chicago Spring,' free of the extraneous substances mixed up with it, is just as good looking as the 'Milwaukee Club.' But see the difference in price in New York city. Yesterday in New York, 'Chicago Spring' sold at 92a84c, while 'Milwaukee Club' sold at 96c. That circumstance may be mysterious to the senses of our Chicago friends, but it is plain reading to Milwaukeeans. Just such a circumstance may be noted in New York any day. Let the Farmers of the North-west treasure up these facts, and act on their evident suggestions."

We append our usual market report and money article:

In our produce market during the past week, there has been a more firm feeling than has characterized the market for some weeks back, and we notice, also, a small advance in wheat toward the close of the week. There is not quite as much grain coming forward as might be expected at this time; but this is accounted for in a measure at least, by the very bad state in which the roads have been along bank, occasioned by the heavy rains. With the prospect of good weather, and larger receipts, we look for a more active market the coming week. The weather, for the most part during the past week, has been rather cool, though clear and pleasant.

WHEAT.—The wheat market, though not very brisk at the opening of the week, has, upon the whole, improved, and we note at the close a fair demand for good samples of wheat, at an advance of 1c on Spring, and 2 to 3 on White Winter. In the early part, and middle of the week, the market was somewhat depressed, and few others than millers were purchasing. On Monday, a few lots of club were taken at 68, and some choice samples at 04 to mill. There was little activity in the market. There was no change in the market on Tuesday. On Wednesday there was a little better feeling exhibited, and buyers were more numerous. Prices were firm but unchanged. 10,000 bushels choice no 1, changed hands at 68½ f. o. b., an l another lot of 3,500 bushels at 69c. Small sales of white winter at 70a80c. No material change in Thursday's market. Moderate sales at previous prices. On Friday and Saturday the market was more active, and there was a fair require for choice samples of club at 69c, and some sales of extra white winter at 85c. None but strictly extra qualities brought those figures. The market, on Saturday, was active and closed firm. Good dry samples of no. 1 readily brought 68a69½c, ordinary 66c. But few sales of red winter. Prices nominal at 65a70. While winter in good request at 75a85. The receipts of wheat for the week were unward of 70,000 bushels, and shipments 109,931 bushels.

FLOUR.—Shipments for the week amount to upward of 20,000 barrels, and receipts better than 8 000. Sales for the week will foot up about 8,000 barrels, mostly spring extra at $5,50a5,75 f. o. b. We note sales of 800 bbls of "Stone Mills" at the former figures. About the usual quantity sold to supply home consumption at $5a5,50 for country brands, and $5,75a6,00 for city brands, medium and choice, and $6,75a6,00 and $4,50 for w. w. extra, country and city.

FREIGHTS.—Rates remain unchanged. Grain vessels have been rather scarce during the week, and on Saturday there were none (unchartered) in port.

OATS.—In the early part of the week there was a lively request for oats at 28a27c, but we not rather

MONDAY MORNING, MAY 24.

Abstracts of Laws.

We continue, this morning, our abstract of the General Laws passed at the recent session of the Legislature. Among the more important ones is the *new assessment law*, which interests all the tax-payers of the State. A very full synopsis of the law will be found in to-day's paper.

A Marked Difference.

Four or five months ago, the Madison *Argus* was very earnest and diligent in advocating the Lecompton Swindle, while the Milwaukee *News* was firm and apparently sincere in opposing the measure. The editor of the *Argus* was an applicant for the Madison Post Office, and the editor of the *News* was the incumbent of the Milwaukee Post Office; in other words, the former was in pursuit of office, while the latter had "bagged his game;" which fact may partly account for their differing views on the Lecompton question.

A month or so elapsed, and the Lecompton Swindle was formally proclaimed the test of Democracy orthodoxy and the *Shibboleth* for all Federal office-holders or office-seekers. *Presto!* change! The *News* immediately went about, ran up the black flag, and poured a raking broadside into those Democratic traitors, who were so "infected with abolitionism," as not to be able to see the beauties of Lecompton; while the *Argus* redoubled *its* fire upon the enemy and gave renewed proof of its zeal and devotion to our Pro-Slavery Administration.

Another month, or more, glided by, and the lucky accident of a fire, with "a lady in the case," determined the sharp competition of the Madison post office in favor of the old incumbent, Mr. JONES. The *Argus* immediately hauled out of the Lecompton fight, ceased firing, and lay by to "repair damages"; and it is now going along, under easy sail, without firing a single gun in behalf of Lecompton and evidently indifferent as to how the battle *terminates*. Not so the *News*. The Milwaukee post office still "hangs by the gills." The editor of the *News* is still dancing attendance at Washington, and the columns of the *News* are still full of Lecompton. But should untoward chance, or Executive caprice, or Senatorial recusancy, transfer the post office prize to other hands, we do not at all despair of seeing the *News* follow in the wake of the *Argus* and maintain an attitude of "armed neutrality" between the tribes of the DOUGLAS and the BUCHANAN.

ROCK COUNTY REPRESENTATIVES.—The Janesville *Gazette*, referring to the list of Senators and Assemblymen in the Legislature of 1856, who received bonds, or stock from the La Crosse R. R. Company, for their votes, or influence in favor of the Land Grant bill, says:

The people of Rock County will be pleased to notice that amidst the general corruption, there is no suspicion cast upon the members from this county. Their names are not upon the list of bond-takers. Among the faithless they were true. All honor, then, to Harvey, Sutherland, Allen, Childs, Evans and Murray, who occupied seats in the Legislature of 1856, as representatives from Rock county.

Our Republican Banner County has every reason to be proud of her Representatives in the Legislature of 1858, as in that of 1856.

Satan Rebuking Sin.

The Madison *Argus*, alluding to the scurrilous paragraph in the Madison *Patriot* about Senator Sutherland, says:

"The *Patriot* has an outrageous attack upon Senator Sutherland. Only last Saturday it pronounced that gentleman a conscientious and unbiased member of the Senate. That was before Mr. Sutherland voted against Pump's county record steal. Because Mr. Sutherland opposed that measure, Pump's wrath is let loose upon him. Everybody understands the game.

The *Patriot*, to be even with the *Democrat*, thus rebukes the latter for a similar "game."

The *Argus* spawns out its filthy abuse of Messrs. Senator Bean and Assemblyman C. C. Smith, because they refused to vote for its monster steal. Those gentlemen have nothing to fear from such gross attacks. They are our opponents in politics, still we have uniformly found them both gentlemen, and upright legislators.

The *Patriot* and *Argus* are well engaged in lashing each other, for these vituperative, malicious and indefensible attacks, upon members of the late Legislature. The public enjoy the sport and encourage the performers to "lay on," hard and heavy.

THE ARGUS ON THE LEGISLATURE.—The Whitewater *Register*, commenting on the abusive attacks of the State paper upon the late Legislature, uses this significant language:

We have all along opposed the removal of the Capitol from Madison, for reasons heretofore given in this paper. But if the members of the People's Legislature, sent to Madison to do the People's business, must be subjected, yearly, to such wholesale and wanton insult and abuse as has been heaped on the members by the *Argus*, and on some of them by the *Patriot*, it will be necessary, in self-defence, for the People to remove the Capitol to some spot where decency is not altogether ignored. The language used by the *Argus*, in speaking of the Legislature, since the adjournment, disgraces the State. Every man in it, who has a spark of manhood left, must feel ashamed that the "State Paper," can use such terms of vilest opprobrium, in speaking of the People's Representatives. It is time this great abuse were stopped—and stopped it will be.

THE LATE FROST AND THE COTTON CROP.—The editor of the Savannah *Republican*, after a careful examination of the most reliable accounts from every quarter of the cotton-growing regions, in regard to the late frosts, expresses the opinion that, in view of the present highly favorable condition of the season, the injury done to cotton will be but slightly, if at all, appreciable in the aggregate amount of the coming crop. From nearly every quarter we are receiving fully the most flattering accounts of the forwardness and healthy condition of the crops, of all sorts, cheering the hearts of the planters and farmers with the promise of an abundant yield. Of course we have not made allowance in our estimate for the probable loss by the present unexampled and disastrous overflow of the Mississippi."

TROTTING IN EAU CLAIRE CO.—The Eau Claire *Telegraph* says: The denizens of Milwaukee, Madison and other towns in the interior, can form some idea of our luxuries, when we inform them that any plug that can bait a hook, can, by going out a mile or two from this place, catch from thirty to fifty pounds of magnificent trout in an afternoon, a fish which is justly esteemed the nicest in the world, and which only exists in the purest water and climate.

The Wisconsin Bribery Case.

The idea of bribing the majority of a Legislature to pass a Railroad Charter, by, of palpable gifts, seems at first, almost incredible. Yet, it has been done in the United States before now. Something like sixty years ago, the *entire Legislature* of Georgia was bribed! It was in the case of the Yazoo Grant. The Legislature sold several millions of acres of the Yazoo lands, for a nominal consideration, to a company of speculators. *Every member* of the Legislature was given lands—about one thousand acres apiece—by the Company. The matter became known, and the people met at Milledgeville, the seat of Government, and *burnt* the journal and records of the Legislature on the public green. The Act was repealed the following year, and the question arose before the Supreme Court of the United States, whether the purchasers under the grant of Legislature were valid. The Supreme Court decided in their favor, and thus established the validity of contracts.—*Cincinnati Gazette.*

CHAPTER CXV.

AN ACT to amend Chapter Fifteen (15), of the Revised Statutes, in relation to the assessment and collection of Taxes.

(We give a more full abstract of this law, as it alters entirely the system of assessment in the State. The Secretary of State is to have the law published immediately in pamphlet form, and forwarded to the towns, and to send the necessary blanks also. The time of making returns is postponed forty days *for this year.*)

SEC. 1. Provides that every person, corporation, &c., shall *list* his taxable property. It allows *bona fide* debts to be deducted from the gross amount of property. It tells who shall list, in detail. He shall list the real and personal property subject to taxation, of which such person is the owner, situate and being in the county in which he resides, and all monies of which he is the owner, in his possession, or on deposit, subject to his order, check or draft; and all credits due from any person, body corporate or politic, whether in or out of such county.

SEC. 2. The lists are to be delivered to the Assessor when required, verified by oath. If there is no property to be taxed, the person shall set forth the fact under oath, under the penalty of perjury in this and the last case.

SEC. 3. Such statement shall truly and distinctly set forth,

1st. The number of horses over one year old;
2nd. The number of neat cattle over one year old;
3rd. The number of mules and asses over one and a half years old;
4th. The number of sheep over six months old;
5th. The number of hogs over six months old; and the first day of June of the year when the statement is made, shall be taken as the time to which the ages of all animals subject to taxation shall refer;
6th. Every pleasure carriage of whatsoever kind;
7th. Every gold and silver watch;
8th. Every piano-forte or other musical instrument;
9th. All real property of whatever kind or nature which such person is by this act required to list. Such person shall be required upon the request of the assessors to exhibit to the assessor the animals or other articles of real or personal property above enumerated;
10th. The goods and merchandize which such person is required to list as a merchant;
11th. The materials and manufactured articles which such person is required to list as a manufacturer;
12th. The money and credits required to be listed;
13th. Farming utensils, mechanics' tools, law and medical books, surgical instruments and medicines;
14th. All household furniture, beds, bedding, etc., not exempted by law from taxation;
15th. The corn, hay, oats, rye, potatoes, fruits, wheat, wool, pork, bacon; and
16th. All other articles of personal property which such person is by this act required to list.

SEC. 4. Assessors to make out their rolls as by Chap. 16, R. S., and on actual view, make valuation of real property at the usual selling price at cash, the balance on time.

SEC. 5. The Assessor shall leave a memorandum of the amount at which he values the property, with another of the time when the town Board of Equalization meets.

SEC. 6. Personal property to be valued at the usual selling price, or what the Assessor believes it would bring in money. Credits in the shape of property, labor, or services, to be taxed, but unliquidated credits in the form of book accounts, having no connection with the loaning of money, shall not be taxed. Annuities shall be valued at such price as the person listing the same, believes them to be worth in money.—All manufactured articles remaining unsold in the hands of the manufacturer shall be valued at the cost of the materials entering into their composition. Sheep shall be valued without reference to the value of the unshorn fleece. No person shall be required to list a greater portion of any credit than he believes to be collectable, nor any greater portion of an obligation given for the payment of rent than the amount of the rent that shall be actually due. In making up the credits, which any person is required to list for himself or for any other person, company or corporation, he shall be entitled to deduct from the gross amount of such credits, the bonifide debts owing by himself, such other person, company or corporation, as the case may be. But no acknowledgment of indebtedness, not founded on actual consideration, shall be considered a debt, within the meaning of this act. And so much only of any liability, as security for others, as the person making out the statement believes the person is legally and equitably bound to pay on account of the inability of the principal debtor, shall be deducted from credits.

SEC. 7, 8, 9, 10 provide regulations concerning merchants and manufacturers.

SEC. 11. Assessors shall levy, annually, before the 1st of June (*time extended 40 days for this year*) notices requiring each person to make out lists in accordance with this law, and shall then obtain the list, unless the person wants further time, when 15 days is given. The assessor may administer the oath.

SEC. 12. For each time of refusal to make list on oath, a fine of ten to fifty dollars, to be prosecuted for by the assessor. Provides for cases of non-residents.

SEC. 13. The assessor to complete their rolls before the first Monday of July, and to make footings.

SEC. 14. Penalty of $200 to $1,000 against assessors refusing, neglecting, or evading their duties.

SEC. 15. Secretary of State to prepare and transmit the necessary forms.

SEC. 16. Oath of assessor.

SEC. 17, 18. Exempts roads and banks otherwise taxed.

SEC. 19, 24. Duties of Town and City Boards of Equalization.

SEC. 25. Clerks of Boards of Supervisors to send, on or before the 2d Monday of October, abstracts to the Secretary of State.

SEC. 26. Makes the Senate the State Board of Equalization, *after this year.*

SEC. 27. Secretary of State to send to the counties the result of their Equalization.

SEC. 28. Secretary of State to apportion the per centum of State tax.

SEC. 29. The returns of the last year to be used by the State Board of Equalization for the present year.

SEC. 30. Extends time for Assessor's returns 40 days for this year.

SEC. 31. The law takes effect from publication (20th May).

Published May 5, 1858.

CHAPTER LXVIII.

AN ACT to release the claim of the State of Wisconsin to certain lands therein specified.

Where swamp lands have been sold or disposed of by the U. S, before the patent to the State, or have been entered at the U. S. Land Offices before the selection by the Governor, he is to release the claim of the State, if the lands have not been pre-empted under the laws of this State before the entry in the U. S. Land Office.

[Published May 4, 1858.]

CHAPTER LXXI.

AN ACT to provide for the keeping of insane persons.

County Boards of Supervisors to audit accounts for relief, or maintenance of insane persons.

When the County Judge learns to his satisfaction, from the petition of a majority of the Town Supervisors, or of the Common Council or Aldermen of a city, that public safety demands the close custody of an insane person, he shall direct the Sheriff to take the insane person and confine him "in some proper place," there to receive such care and treatment as to the Judge shall appear proper and necessary.

[Published May 20th, 1858.]

CHAPTER XCI.

AN ACT to provide for the protection of Stockholders of Railroad Companies.

Railroad Companies shall annually on or before the 15th of February, report to the Stockholders the operations during the year ending Dec. 31st preceding, verified by oath of the Secretary, Treasurer and Superintendent, a copy to be filed with the Secretary of State. (The section details the items of the report at too great length for the purposes of these abstracts.)

Reports made in pursuance of this act shall be deemed a compliance with existing laws requiring reports.

The Secretary of State shall arrange the information in these reports for the use of the Legislature.

Every Railroad Company incorporated by the laws of this State shall keep its principal office in the State.

No director or officer shall be interested in any contract, lease or agreement—all such contracts shall be void; no director, officer or agent shall take soil or transfer stock, except for legitimate purposes of the Company. Treasurers to give bonds, but no director to be a surety.

A Committee of stockholders of 1 to 10 of the stock may at any time during the business hours examine books and investigate. State Prison from 1 to 10 years as a penalty for violation of this law. It provisions to apply to lessees.

Absent—Messrs. Doernink, Johnston and West.

The minutes of the last meeting were read and approved.

Mr. Bade presented a series of rules for the government of Public Schools.

Mr. King moved that 50 copies be printed on slips, for the use of the Board, and taken up at the next meeting; which was agreed to.

Mr. Culligan, from the Select Committee, to whom was referred a resolution to reconsider the proceedings of the Board on the 10th of April last, presented a majority and minority report; which were not accepted.

Mr. Reed moved that the majority report be adopted.

Mr. Selby moved to amend the motion, by striking out majority and insert minority; which was not agreed.

The majority report was then adopted, by a vote of ayes 16, noes 8.

Mr. Langworth, from the Executive Committee, submitted the following:

To the Board of School Commissioners of Milwaukee:

The Finance Committee, to whom was referred a resolution, requesting said Committee to report to the Board the amount of money received and expended during the past year, for School purposes, and to submit an estimate of the probable receipts and expenditures, for the current year, would respectfully report, that from records in the office of our Secretary, the Committee find that the amount of orders issued for Teachers' salaries for the year ending March 31, 1858, were . . . . . $17,926 87.
And for contingent expenses 5,482 13

				21,989 91
To balance,.....				1,503 50
				$23,408 00

The Committee would state, that they have made an estimate, as near as possible, of the amount necessary to conduct the schools for the current year. But have no basis whatever, on which to estimate the probable receipts, until the tax of 1858 is levied, and the next State apportionment made.

We have estimated the expenses for the year ending March 31st, 1859, as follows:

First Ward, Teachers salaries.....		3,450 00	
" "	Contingents.....	600 00	4,050 00

Amount of salaries paid monthly, $2,145 55,

The Committee in conclusion, would recommend that the most rigid economy be used, consistent with the welfare of the Schools, so that the schools funds may be placed upon a cash basis at the earliest period.

They also find that the amount of $1,371 05 has been paid from the School Fund, which should have been paid by the city, and recommend that the same be referred to the Common Council, for investment.

A. J. LANGWORTHY.
HENRY HILLMANTEL.

Which was accepted and ordered placed on file.

Mr. Langworthy, from the same Committe, also presented an account for School Furniture and fixtures &c., paid for from the School Fund; which was referred to the Common Council.

Mr. Bingham offered the following:

Resolved, That a Ward School be established in the 8th Ward, as soon as the proper rooms are prepared; consisting for the present of two apartments, with a male principal for the Grammer department, and a female principal with one assistant for the lower department.

Adopted.

Mr. Reed presented the account of Geo. Sherwood and others, which was referred to the Text Book Committee.

Mr. Reed offered the following:

Resolved, That the Commissioners of the 7th Ward are hereby authorized to employ a Janitor for the 7th Ward School House.

Which was laid on the table.

Mr. Chapman offered the following:

Resolved, That the Examining Committee be required to inquire into the expediency of attaching a Normal Department for the Instruction of Teachers to the High School, to report at the regular meeting in July.

Which was adopted:

Mr. Langworthy offered the following, which was adopted:

Resolved, That no bills of whatever nature be allowed by this Board, unless authorized by a majority of the Commissioners of the ward where such expenditure is made.

Mr. Horan presented sundry accounts; referred to Executive Committee.

Mr. Reed, from the Executive committee offered the following:

Resolved, That Mr. E. Garenfeld be and is hereby appointed teacher of the German language, in the Sixth Ward School for the present term, at a salary of $50 per month.

Resolved, That Mr. J. Ford be and hereby is appointed Principal of the 8th Ward School, and that Miss S. Trowbridge be appointed principal of the Intermediate department, and Miss E. P. Webbs assistant in the same department, their contracts to date from the commencement of the School.

Which were adopted.

Mr. Culligan submitted the following:

I hereby protest against the increase of salaries of the Teachers of the Public Schools within our city, and also against the appointments of those teachers, particularly for the First Ward School, as I believe the same to have been unnecessary, informal and irregular. Signed,

DENNIS CULLIGAN.

The Executive Committee reported sundry accounts correct, which were adopted:

The Chair presented a certified copy of a resolution of the Common Council, which was referred to the Executive Committee.

On motion, the Board adjourned.

J. A. SEGER, Secretary.

IMPORTANT TO GENTLEMEN.
MRS. SHANKS, at 325 East Water Street, Milwaukee, Wis., begs leave to inform the Gentlemen of this city, and particularly those who take pleasure in wearing well got up linen, that, in addition to the manufacture of SHIRT COLLARS, BOSOMS, &c., &c., which she carries on now more satisfactory to her customers than any establishment in the North-West, she is prepared to take in WASHING of every description. Having enlarged her premises, and being in possession of a Patent Glossing Press, for Shirts, Collars, &c.; also all modern implements and ingredients requisite in her line of business; she feels confident of giving full satisfaction, and promises to do all work cheaper than any establishment this side of New York. Linen got on at the above place will, in appearance, be fully equal to new goods.—Tailors and Clothing merchants will do well to give us a call, as they can recommend our work to their customers at large. Country orders promptly attended to. We sell Shirts from seven shillings to five dollars apiece. Having proved our superiority as Proprietors of the New York Shirt Factory, in Baltimore, for the last nine years, we have now come to make a second commencement in the West, and defy the world for better fitting Shirts, Drawers, Dressing Gowns, or anything in our line.

Brick Wanted.

SEWERAGE COMMISSIONER'S OFFICE, }
Chicago, Ill., May 12th 1858. }

SEALED Proposals will be received at this office till noon of Monday, the 31st inst. for furnishing eight millions of hard burned SEWER BRICKS, to be SIXTEEN inches dimensions, made of the best materials, square edged free from lime, pebbles and nuts.
Specimens must accompany each proposal.
Of the above quantity, three millions will be required to be wedge shaped, to adapt them to a 4½ foot barrel drain; the colonal dimensions of these to be the same as the rectangular ones.
No proposals for less than half a million will be received.
The bricks to be delivered in quantities and at times, as follows; one-fourth of the quantity contracted for, on or before the first days of July, August, September and October next, respectively; and to be subject to the inspection and count of an Inspector appointed by the Board of Sewerage Commissioners.
Proposals will state the price delivered, piled up on the line of the Sewers on the streets where required for use; and also the price delivered piled up on such dock in the city as the Commissioner may appoint to receive them.
Each proposal to be indorsed "Proposal for Bricks," and addressed to the undersigned.
Satisfactory security for the faithful performance of all contracts will be required.
The Commissioners will reserve the right to reject any proposals, at their discretion.

Address— JERMAIN & BRIGHTMAN,
Publishers Daily Sentinel, Milwaukee, Wis.

From the N. Y., Evening Post.

Mr. Buchanan's First Quarter.

More than a year ago we predicted, with a confidence which has proved to have been well grounded, that Mr. Buchanan's administration would be signalized by a degree of extravagance and corruption without a parallel in the history of this country. This conviction was based upon the fact that his favorite political associates and dependants had always belonged to the predatory class of politicians; upon the fact that nothing but unlimited expenditures of money would suffice to secure the requisite support from Northern members to enable him to carry out the pro-slavery policy to which he was pledged at the Cincinnati Convention; and upon the further fact that he was never known to resist a measure which was calculated to put money in the pockets of his own political partisans. Our predictions are to be verified much sooner than we had anticipated. Let us look at some of the evidences which has already transpired.

The Secretary of the Treasury has just issued proposals for four millions more of the notes authorized by the act of December last. Eleven millions have already been issued. The expenses of the government, for the six months ending with July, will exceed its revenue over twenty millions of dollars. Already expenses and liabilities have been incurred on account of the Utah war, amounting to over twenty millions of dollars, and the President is asking an appropriation of about four and a half millions for volunteers. Should this money be granted, and the three regiments sent forward, the bills of their contracting will have no calculable limit. If the Florida war, with a few tribes of Indians, cost $50,000,000 what may we not expect from a prolonged contest with a community of Caucasian fanatics, entrenched among the mountains two thousand miles distant?

Then, on a smaller scale, what is going on nearer home, and under the very eyes of the President? A member of his Cabinet is convicted of participating in the sale of government property to political favorites, for less than half its real value, under circumstances which the largest charity will try in vain to excuse. The Galphin fraud, scandalous as they appeared in their day, were no bigger, than a man's hand, compared with the clouds of corruption which have since rolled up, from transactions of this kind at Fort Snelling, at Willet's Point, at New Bedford, at the mouth of the Kenebec River and at San Francisco. Indeed, it would seem as if the Secretary of War had employed the first hours of his official life in making a schedule of all the government property that he had the power to sell, and in disposing of it as fast as possible to personal and political friends.

The parties who have purchased the property are scattered all over the country; they are all favorites of the Administration, and hold political positions of greater or less prominence in the several States. Congress has spent much of the current session in investigating the purchases, and though the inquiries are conducted by the committees appointed by a friend of the Administration, and consisting of a majority of the President's partisans, in every instance the communications have reported greater culpability than was charged, and even yet the scum having fathomed its full extent and enormity.

It is not surprising that such an example from the Cabinet should have its humbler imitators. Yesterday Mr. Hackney, the doorkeeper of the House of Representatives was ignominiously dismissed by an almost unanimous vote, for selling his patronage; precisely the offence which the Secretary of War stands charged by a committee of Congress, and undefended.

Such are some of the results of the first quarter of Mr. Buchanan's administration, in the Cabinet and in Congress. We have not alluded to the corrupt means used to impose a tyrannical government upon the people of Kansas, or to the treacherous devices that are now being resorted to to compass the annexation of Mexico to the United States, and the expansion of slave territory and slave representation on this continent. Those matters have been quite recently and frequently brought to the attention of our readers. Taking all the achievements of this Administration together, we ask if events have not already verified our prediction, that its prominent features will be its extravagance and its corruption?

FRIENDS OF HUMANITY.—To you (always disposed to aid the suffering) it may appear incredible, after in vain trying all the "wonderful" medicines of the day, that one application externally, and a few drops taken internally, of my (genuine) Electric Oil, will so very suddenly relieve the sufferer from the most violent pains; yet, it is a fact, as testified, by good men and by good women, whose names are at my office. Not any have used it without deriving some special benefit within an hour, and many are they who have been perfectly cured of Rheumatism, Neuralgia, Spinal and Bronchial Complaints, Croup, Tic Doloreux, Felons, Cramps, Piles, Sprains and Bruises, Cuts and Wounds, Swelled Glands and SORE Joints, Scrofula and Erysipelas, Sore Nipples and Swelled Breasts, Salt Rheum and Cankers in the Mouth or Stomach, Eruptions and all kinds of Sores, Headache and Toothache by few to ten minutes; also, Chilblains and Sore or Tender Feet. It will be seen that I do not profess to cure everything, but only a certain class of complaints; all of which are curable on simple skeleton principles through the Nerves by my Electric Oil, and the Nervovital fluid of the human body.

The modus operandi of progressing and ever changeable Rheumatic pains, is imperfectly understood by mankind; whether they manifest in the misplacing or coursing of the nerves, inflamed by derangement, (like the coating of an inflamed stomach,) or some disturbance of the electric fluid itself; certain it is that my Electric Oil is readily absorbed into, if it does not actually supply a needed deficiency in, and equalize the circulation of that great principle of living organization.

Let the skeptical call at, or communicate into this matter—for if these things are so, all are all e interested. I will take any case from the hospitals to test it for all.—My Electric Oil is pleasant and innocent; no danger of cold or reaction, as it will bear any climate. Come and see for yourself—near Chestnut street, 39, South Eighth street; 40cts. and $1 per bottle.

C. SIMMONDS,

SOLE PROPRIETOR AND MANUFACTURER OF
PURE OHIO
Catawba Brandy.

THESE Brandy has been manufactured for several years from the pure juice of the Catawba Grape, thus affording additional evidence, of the progress of American enterprise and industry, and of our ability to produce articles at home, equal to those made by any other nation.
The Ohio Catawba Brandy, not only equals but excels the best Imported Brandies, in purity and flavor. It is in fact the best Brandy known. This statement is fully corroborated by the certificates of our most distinguished analytical chemists.
The want of pure brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded a great public good. The Catawba Brandy posses all the good qualities claimed for the best Imported Liquors, and is of perfect purity and superior flavor, and a sovereign and sure remedy for
Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c.

MEDICAL.

ONE DOLLAR
WILL BUY

ONE OF THE BEST PURIFATIVE and Liver Medicines now before the public, namely DR. SANFORD'S INVIGORATOR, or LIVER REMEDY that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.

DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums. Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.

Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.

INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.

JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.

COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.

SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects acidity and sourness of the stomach.

For an overheated stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.

DR. SANFORD'S INVIGORATOR came to us recommended to us as a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor induced us to try it, and now numbers of certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Rick.*

We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Where has never been relied in vain. A remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for disease of children that we recommend it, for it acts as naturally so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become a useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

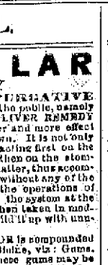
AYER'S
CHERRY PECTORAL!
FOR THE RAPID CURE OF
Coughs, Colds and Hoarseness.



BRIMFIELD, Mass., Dec. 20th, 1855.
DR. J. C. AYER—I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your Cherry Pectoral. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EDEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your *Pectoral* myself and in my family ever since you invented it, and believe it the best medicine for Influenza we ever put out. When a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.
BRIMFIELD, Mass., Feb. 7, 1856.
BROTHER AYER:—I will cheerfully certify your *Pectoral* is the best remedy we possess for the cure of whooping cough, croup, and the chief diseases of children. We of Western New York appreciate your skill, and commend your medicine to our people.
HIRAM CONELLIN, M. D.

AMOS LEE, Esq., Monterey, Ia., writes 3d Jan., 1858: "I had a tedious Influenza, which confined me to doors six weeks; took many medicines without relief; finally tried your *Pectoral* by the advice of our clergyman. The first dose relieved the cough, and in two days I was less than one half the bo tle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.
WEST MANCHESTER, PA., Feb. 4, 1856.
SIR:—Your *Cherry Pectoral* is performing marvellous cures in this section. It has relieved me from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY L. PARR, Merchant.

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.
Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to these the *Cherry Pectoral* affords relief and comfort.

Consumptives do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

TO THE AFFLICTED.
DR. TILTON, having returned from his South-Western tour, has taken rooms at the Sherman House, Chicago, where he will now remain permanently. Those who suffer from Consumption, Indigestion, Nervous Debility or Weakness, will do well to call on him and have his advice. His
GREAT EAST INDIA REMEDIES,
Which he discovered in Calcutta after many years of research and labor, have become so thoroughly known and appreciated, that an attempt has been made by a few avaricious quacks, in the vicinity of Dr. Tilton, here and elsewhere, to counterfeit it; therefore, Dr. Tilton cautions the public not to buy this worthless drug as the genuine, as none but those procured, as no one but himself in the United States has possession of the original receipt. Dr. Tilton may be consulted at Room E, Massasoit House, Chicago, where he last year succeeded in successfully curing hundreds of cases of consumption, Nervous Debility and Indigestion, Asthmas, Bronchitis, Coughs and Colds. The Cannabis Indica and Long Balsam, are the greatest blessings of the age. Give him a call, or send for a bottle of medicine which will cost you two dollars. Address,

VOLUME XV. MILWAUKEE DAILY SENTINEL, MONDAY MORNING, MAY 24, 1858. NEW SERIES.

THE DAILY SENTINEL.

[Correspondence of the Pennsylvania Inquirer.]

The Daughter of Aaron Burr.

An item of news just now going the rounds, relates that a sailor who died recently in Texas, confessed on his death bed, that he was one of confessed on his death bed, that he was one of the crew of mutineers who, some forty years ago, took possession of a brig on its passage from Charleston to New York, and caused all the officers and passengers to walk the plank. For forty years the wretched man had carried about with him the dreadful secret, and died at last in an agony of despair.

What gives this story additional interest, is the fact that the vessel referred to, in the one on which Mrs. Theodosia Allston, the beloved daughter of Aaron Burr, took passage for New York, for the purpose of meeting her parent in the darkest days of his existence, and which never having been heard of, was supposed to have been foundered at sea.

The dying sailor professed to remember her well; said that she was the last who perished, and that he never forgot her look of despair as she took the last step from the fatal plank. On reading this account, I regarded it as fiction; but, on conversing to-day with an officer of the Navy, he assured me of its probable truth, and states that on one of his passages home, some years ago, his vessel brought up two pirates in irons, who were subsequently executed at Norfolk for recent offences, and who, before their execution, confessed that they had been members of the same crew, and participated in the murder of Mrs. Allston and her companions.

What chiefly caused my scepticism on the subject was the fact that Mr. Parton, the recent biographer of Burr, leaves the fate of the daughter enveloped in mystery, and closes the record of her noble and beautiful life with her embarkation on board the brig, which he declares has never since been heard from.

I am at a loss now to understand, if the confession alluded to by my naval friend was made public, as it undoubtedly was, how Mr. Parton could have failed, among his industrious researches, to discover the fact. Whatever explanation may be entertained of the father, the memory of the daughter must ever be revered as one of the loveliest and most excellent of American women, and the revelation of her untimely fate can only serve to invest that memory with a more tender and melancholy interest.

A YANKEE MARRIES THE DAUGHTER OF A FRENCH DUCHESS.—The marriage of young Hutchinson, of the American India Rubber Shoe Manufacturing Company, to the daughter of the Duchess of Montmorency and Luxemburg, has made a good deal of talk in the aristocratic circles of France. They do not deny that Mr. Hutchinson is an elegant and accomplished young man, or that he has not an immense fortune in hand and prospective; they deem it a *mesalliance*, which throws a stain upon one of the oldest and most honored names of France. But this world is growing wonderfully "realist" in the presence of money; and since the parties are both human beings, both respectable, educated, and accomplished, and withal, entertain a real love for each other, where's the harm?—Titles are becoming but flimsy things in the heart of this nineteenth century of progress and good sense.—*A Paris Letter.*

☞ Prof. Wood, the recognized discoverer of the invaluable "Hair Restorative," still continues to labor in behalf of the afflicted. His medicines are universally admitted by the American people to be the best article to eradicate dandruff, to clean the hair, on the head of the aged, to grow forth with as much vigor and luxuriance as when in the bloom of youth. There can be no doubt, from the many testimonials which the Professor has in his possession, that it is one of the greatest discoveries in the medical world. It restores permanently, gray hair to its original color and makes it luxuriant with a healthful silky texture, which has been very desirable in all ages of the world. It frequently happens that old men marry beautiful and healthy young ladies, and rich ugly old men, pretty old maids make wives of handsome, good natured, young gentlemen and he's what process it has never been determined, until lately when it was attributed to the use of Wood's valuable Restorative.—Lasalle Journal. MEDICAL.

THE GREATEST

MEDICAL DISCOVERY OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy for the worst Scrofula down to a common Pimple.

He has tried it in over two hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure ringworm in the worst form.

One bottle is sufficient to cure the worst kind of pimple on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

Seven to ten bottles are warranted to cure all humor in the system.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in removing all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and restless naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to you husband and household.

In the more advanced stages of

CANKER

extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifferenceen to the cares of your family.

Your stomach is

SOUR AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the unwholesome fluid of the stomach rises up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and your whole body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their friends and neighbors does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

EARLY STAGES OF DISEASE

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.
